ABOUT THE PROPERTY

14 acres of prime undeveloped coastal Caribbean land. Waterfront access to the Congrejal River and next to the Sea. There is another property for sale next to this one that would provide beachfront access. This is flat land with a view of the mountains and the Caribbean Sea. It is perfect for commercial or residential development. It is near the ferry to the Bay Islands so it would be good for short term or long term rentals, condos for a retirement village, or hotel and resort. Can you put a golf course on 14 acres? With beachfront access you would have reason to build a marina. This prime development property is within the city limits of La Ceiba.
