ABOUT THE PROPERTY

Rio Santiago Nature Resort is Honduras' newest Birding and Nature-oriented Resort. "El Rio Santiago" is locally famous for its huge boulders and deep, crystalline pools where one can dive off the warm rocks or just relax on the shore in the tropical Honduran sunshine. Rio Santiago Nature Resort is a great destination for the tropical bird watcher who wants to enjoy Honduras' 700+ species of bird diversity. Hummingbirds, hawks, parrots, owls.... Rain forest trails wind throughout the 260+ acres of property, and several scenic overlooks ensure that you add those sought after tropical "wow" birds to your bucket list. Even families with non-birders can enjoy our resort with its refreshingly natural pools to explore! "La Champa" restaurant with its full-service bar is always nearby, and serves a variety of American and Honduran dishes. And Salva Vida (Salve of Life) is the best named beer in the world, and always very welcome. Swimming pool, professional landscaping, hiking trails through the mountain rainforest, comfortable modern cabins, great food, peaceful surroundings, all make for the best vacation you've ever enjoyed. They are within Pico National Park, and approximately twenty miles west of the La Ceiba International Airport. Their expert, bilingual guides are at your service and eager to assist you in your Honduras adventure!
